VOL. XXXI. STANFORD, KY., FRIDAY, JULY 10, 1903. S A M. NO. 38

KINGSVILLE.
Miss Ella Carey, who has been serving for two seasons in Lexington, has opened a dress making establishment here and solicits patronage.
Children's day, which was to have been observed at the Methodist church the first Sunday in July, has been postponed till the first Sunday in August.
The "glorious fourth" was celebrated here with several jolly picnic parties, besides a fishing exhibition in which five or six couples participated, catching any number of fish.
Quite a disturbance was created while Rev. Thompson was holding services at the Methodist church Saturday evening. Besides several other misdemeanors, several stones were thrown at the church door, one going through the church. Cal Padgett, who seems to be a monomaniac on the disturbance of public worship, was recognized as the miscreant but made his escape for the time being. Constable Murphy captured him the following day and with Squire Hensley, took Padgett to the county jail.
J. K. Carson, of McKinney, was here Sunday. Mr. Carson and family will leave about the 15th of next month for Hood River, Ore. Misses Edith Walker, of Danville, and Katherine Wells, of Junction City, returned home Sunday after a pleasant visit to Misses Lucille and Virginia Johnson. Howe, Miss Edna Baker and Willie Baker are visiting relatives in Cincinnati. Mr. and Mrs. E. R. Hall, of Lexington, were here recently. Mrs. James C. Mr. Kerr bought 25 barrels of corn of Josiah Anderson and 50 of Dave Stephens at \$1.
John Gooch's pet dog showed symptoms of rabies and he very sensibly put a bullet in him with a shot gun.
Ed. J. G. Livingston succeeded in raising \$16 for county mission work last Sunday. This will be supplemented soon, as many members were not present.
The house of John Johnson had a narrow escape from fire a few nights since. Some how a fire got started in the kitchen, but fortunately a coal oil jug exploded and woke Mr. Johnson who succeeded in extinguishing the flames.
On Friday evening July 31 an entertainment will be given at Goshen church for the benefit of the Sunday school. The program will consist of speeches by several talented young ladies and some good pieces on a couple of good graphophones. A small fee will be charged spectators.

Brutally Tortured.
A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobek of Columbus, Cal., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. The sprinkler for the fair has arrived and everything is being arranged for the pleasure of the large crowd which is expected. Crab Orchard is a little city and too much must not be expected of her. She will do her best for all who will attend.

Tom Watson is clerking at Perkins' store since John Chadwick is off for a good time. Col. Welch was with friends here a few days ago.
Misses Clara Collier and Mabel McWhorter made a short visit to Paint Lick last week. Miss Virginia Richardson, of Louisville, is a guest of Mrs. Chas. Shippleton. Miss Jean Dick's name was unintentionally left out of my last letter. She returned from Rockford, Ill., with her mother. Mrs. Robert Collier, of Broadhead, was with friends here last week. John Buchanan, of Louisville, spent Sunday with the homefolks. Mrs. J. W. Cook, of Indiana, is with her mother, Mrs. Gornley. Little Misses Robinson and Hoyle are up from Louisville at Mr. J. W. Guest's. They brought their beautiful little pony turnout with them.

Seid and Maurice Perkins. Mrs. Basil Manly and daughter, of Greenville, S. C., are boarding with Mr. and Mrs. D. W. Edmiston.

Very Remarkable Cure For Diarrhoea.
"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Boone county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents cured me." For sale by Craig & Hocker

CHAIRMAN YOUNG has issued a call for a meeting of the Democratic State Central Committee at Frankfort next Monday, July 13. The judicial muddle in this district will be settled, it is said, and let us hope it will. We will be satisfied with the regular nominees, Judge M. C. Saufley, and Commonwealth's Attorney Owlsley, and we confidently expect the committee to decide in their favor. The Lexington committee tangle will probably be settled, and Chairman Young recently declared his intention to reopen the Louisville trouble.

THE cannon cracker did great work on the 4th of July. Its achievements in making day and night a time of torture to thousands of helpless sick people in private dwellings and hospitals were but a small part of the sum total of inflicted misery. The aftermath of maiming and burning is a saddening recital. On July 6 the Chicago Tribune's record of 4th of July accidents in the United States showed 52 dead and 3,665 wounded; and the list wasn't near complete.

THE INTERIOR JOURNAL makes a good suggestion when it names Senator J. B. McCreary as chairman of the democratic campaign committee. He managed Governor Beckham's last canvass, and he did it to the perfect satisfaction of the party. No better selection could be made and we hope the duties will be tendered the Senator and that he will accept—Adair News.

BRADSTREET reports that the warm weather has brought about a much more cheerful feeling as to the outlook for business generally. Failures for the past six months have been the smallest in number reported in 20 years.

NOT a railway system in the United States went into the hands of a receiver during the last 12 months, notwithstanding the damage by high water and the equally high watered stock.

A CHRISTIAN SCIENTIST presented Mrs. Eddy with a \$5,000 automobile. Wouldn't an imaginary one have done just as well?

CHURCH MATTERS.

Rev. O. M. Huey had to leave his meeting at the Baptist church at Lancaster, on account of the illness of his son, Manley Huey.

Elder Joseph Severance, pastor of the Christian church at Newtown, attended the Chautauqua and came in his automobile, which is a flyer. Mr. Severance is an expert in driving one and frequently goes out for a spin of 75 or a 100 miles.—Lexington Democrat.

POLITICAL.

A postoffice has been established at Lippis, Clay county, with Robert Woods as postmaster.

Q. C. Godbey, of Liberty, and formerly county attorney of Casey county, has withdrawn from the race for Commonwealth's Attorney.

It is said that Bourke Cockran may renounce his American citizenship and accept a seat with the Irish party in the British Parliament.

The postoffices at Carroll, Laurel county, and Mitchell, Shelby county, will be discontinued after July 14 and thereafter supplied by rural carriers.

Among Kentucky republican officeholders in Washington, who will all come home for the State convention, there is strong talk of a stampede for John W. Yerkes for governor.

John W. Moore, republican candidate for assessor, was shot and perhaps fatally wounded by Letcher Wagers, a restaurant keeper at Richmond. The trouble arose over the price of a meal.

The partisans of Mr. Augustus E. Willson will probably carry their grievance against the Louisville republican committee to the republican State central committee which meets in Frankfort to-day.

Augustus E. Willson issued a card to the republicans of Kentucky severely arraigning the Sapp committee and calling upon the republicans of the State to repudiate its rule.

In the Giboney-Wesley circuit clerk contest in Casey, Chairman Cooper, of the 11th district, decided that both the convention proceedings and the call of the primary were erroneous. The case will be appealed to the State Central Committee.

"Democrats would save time and whiskey by not holding any national convention in 1904," said Rev. Sam P. Jones Tuesday to a Banner reporter. "Theodore Roosevelt will be nominated for President of the United States by the republicans, and he will be elected. The Democrats have no chance at all. They had as well stay at home and follow the pursuits of piping peace, for 25 States will go solid for Roosevelt, and the South would be largely for him if he had kept out of that negro business."

MATRIMONIAL.

T. J. Benedict and Miss Elvora Shelton were married at the court house yesterday by Judge Bailey.

Mrs. Letcher Owlsley and Will Dunlap, both of Lancaster, were married at Middlesboro by Rev. J. M. Fuqua.

Mr. Joseph C. McClary and Mrs. Nannie Shelton Saulley were married at the latter's home on East Main St. Tuesday evening, Dr. Wm. Shelton, father of the bride, performing the ceremony.

They immediately drove to Crab Orchard, where they will spend some time. While the marriage was somewhat a surprise, there were many who believed that they would be joined in wedlock's holy bond ere many moons waxed and waned. Mrs. McClary is a highly accomplished lady and has an enviable record as a teacher. For a number of years she was principal of Stanford Female College and is now lady principal of the Graded School. She is a most excellent woman and Mr. McClary is deserving of hearty congratulation on winning her. The groom is one of Stanford's substantial business men and a splendid citizen. No man in this community stands higher than he does and if he has a fault, the writer, who has known him many years, has never heard of it. He and his handsome bride make a splendid pair, and here's hoping they will always be as happy as they are now, and we have every reason to believe they will.

THIS AND THAT.

Pope Leo is worse. James H. Flagg, aged 51, is dead in Mercer.

George D. Boone's wheat crop averaged 10 bushels. Fire at San Francisco destroyed property of Studebaker Bros. worth \$200,000.

Three small boys were drowned while playing in Little river at Winthrop, Ark.

Officers at the Lexington jail found six steel saws hidden in the cell of Claude O'Brien.

One man was killed and two probably fatally injured in a free-for-all fight in Greenup county.

There were three deaths in New York and three in Brooklyn from the excessive heat yesterday.

Tandy, of Lexington State College, won first honors in the oratorical contest at Lexington Chautauqua.

It is stated that Harvey Logan, the Montana train robber who escaped from the Knoxville jail, has gone to foreign countries.

Crazed by long illness, James W. Brady, a wealthy New York real estate operator, attempted suicide by leaping from a second-story window.

At Richmond, a jury pronounced Gen. Cassius Marcellus Clay of unsound mind, and a committee will be named to take charge of and control his affairs.

Clay; that his condition of mind be inquired into by a jury, and that a committee be appointed both for his person and his estate.

Mrs. Josie Yeager, wife of S. H. Yeager, of Marcellus, Garrard county, died Tuesday. Mrs. Yeager had been in poor health for a number of years. She was 61 years of age. Deceased was the daughter of Shelton Farris, and resided in Harrodsburg until her marriage. She is survived by three children, Mrs. John A. Wood and Mr. Churchill Yeager, of this county, and Mr. James Yeager, of Kansas City.—Advocate.

The city council of Lancaster has taken preliminary steps for a system of water works. Ten acres of the Jones farm, a mile and a quarter south-west of town have been bought at a cost of \$150 an acre, and a dam will be built costing \$2,000. The reservoir will hold a drainage of rain off of 200 acres of land. Mr. Sheffield, of New Albany, has devised the plan and a committee, J. A. Beasley and G. B. Swinebroad, will go to Bloomington, Ind. to examine the system of water works of that city.

THE Hustonville fair catalogue is out and it is a book of no mean pretensions. It contains 70 pages filled with liberal premiums and race advertisements and was gotten out in about 24 days—pretty good for a country office. It took over 500 pounds of paper and had it been printed in the old way—one page at a time—would have taken 140,000 impressions.

Two prizes will be awarded; a handsome diamond ring to first and a gold medal to second.

FOR the first time in years the jail had not a single occupant Tuesday night. Jailer Herrin celebrated the occasion by throwing open the iron doors and letting all the fresh air possible in. If the morals of Lincoln county continue on the upward grade, the jail may be dispensed with and the court-house torn down and court square converted into a beautiful park. However, we suspect the millennium will come before all this happens.

WE call attention to the advertisement, which appears in another column, of the Campbell-Hagerman College for girls and young women, located in Lexington. This is the school in which Prof. B. J. Pinkerton will fill, during the coming year, the chair of logic and mental, moral and political science. The school is located on Second street, the most beautiful residence street in Lexington. It is in the very heart of the city, and yet is almost as quiet and retired as if it were several miles in the country. The buildings are new, modern, heated with steam, lighted with electricity, handsomely furnished and fully equipped with the best and newest appliances for health, comfort and effective work. The president, Mr. B. C. Hagerman, is well-known throughout Kentucky as a most popular and successful teacher. Several of his graduates live in this county and are enthusiastic in their praise of him as a Christian gentleman and a faithful, competent teacher. Send your daughter to this superb school, located in the "Athens of the West" and you will make no mistake.

THE INSTITUTE

After recess Monday, excellent talks were made by Rives, Huey, Ross and Dr. Shelton.

Tuesday morning the Institute was opened with religious exercises, conducted by Dr. Shelton and excellent singing with Miss Bogle at the organ. Dr. Pinkerton gave a splendid talk on spelling, followed by Prof. Kubank. The subject was discussed by the Institute with much animation and interest. Mrs. Humphrey was especially interesting on the subject of the old fashioned "Spelling Bee" and a champion of the old "blue back" spelling book.

After recess Mr. and Mrs. T. A. Hendricks, of Junction City schools, were made honorary members of the Institute by a unanimous vote. "My Old Kentucky Home" was sung by all with great enthusiasm. Reading was next taken up. Miss Thurmond gave an excellent talk followed by Mrs. Phillips and Miss Carson. Mrs. Eubank illustrated on the blackboard a very fine method of securing natural reading. A general discussion of the subject followed.

Tuesday afternoon, after singing, the sentence method of teaching reading was discussed by Miss Lewis, Prof. Eubank, Mr. Bishop and others. Physiology was introduced by Miss Sallie Carter and further discussed by Dr. Singleton, who gave a good practical talk on experiments. Miss Yowell read a good paper on physical culture. Composition was defined and discussed by Misses Bogle, Anna Gooch, Arthur Daley and others.

Wednesday morning, Institute opened with "America", which was sung in a manner that made the old court house ring. Dr. Pinkerton gave a very excellent talk, followed by scripture reading and prayer. An excellent recitation by Master Warren Eubank was thoroughly enjoyed by all present. Then Stanford's little queen of song, Helen Beasley, charmed the Institute with two fine selections. A splendid paper on "Reading in the Public Schools" by Mrs. Eubank, followed and was warmly discussed by the Institute.

The singing Wednesday afternoon was especially fine, the regular choir being assisted by several visitors. Dr. Fallis, of Hustonville, Dr. Lewis, of London and Dr. W. B. O'Bannon were made honorary members of the Institute. Nature study was introduced by Instructor Eubank and Dr. Fallis gave a very interesting talk on this subject, and was followed by Arthur Daley, who dropped some excellent hints. Next came a beautiful solo, "The Holy City", by Miss Minnie Sine, accompanied by Miss Mary Higgins. At this point arithmetic was introduced by Mr. Mullins. Mental arithmetic was well treated by Messrs. Daley and Ware. By special request Instructor Eubank explained the famous Speers and Grube methods.

Thursday morning.—After the usual good singing, the scripture reading and prayer were by Rev. Haglin. Prof. Eubank read a portion of the school law relating to the reading of the Bible in the public schools, proving that while the law is against sectarianism, it is not against Bible reading. Grammar was introduced by Miss Hicks, followed by Mr. Bishop. Prof. Pinkerton

gave an interesting talk on the subject, also Dr. Lewis. Mr. Ware, on Pure English, was interesting and instructive. A general discussion by Prof. Pinkerton, Mr. Haglin, Dr. Fallis and others followed. Technical grammar was discussed at length by Prof. Eubank and others.

Thursday afternoon.—After music by the choir Dr. Lewis gave an excellent talk concerning his school at London. Miss Minnie Sine then gave in a charming manner a short recitation. Geography was then taken up. Miss Annie McKee introduced the subject and was followed by Misses McClary, Rose, Fox, Burch and Mrs. Hickie, Lewis, Fallis, Mr. Bishop and Rev. Haglin. These discussions were exceedingly interesting and instructive.

History was introduced by Mr. Ware, followed with much interest by Mr. Lay, Miss Lewis, Miss Wilson and Prof. Kubank.

No Pity Shown.
